ORUVI

A LITTLE BRIGHTER.

ORUVI / BOTANICAL SODA

FICTIONAL BRAND CONCEPT / BRAND GUIDE

PORTFOLIO STUDY BY KAEDUAS / 2026 / NOT A REAL PRODUCT

A pause with a little sparkle.

WHAT IT IS

ORUVI is a fictional botanical soda concept for the in-between moments of a day: a bright, grown-up soft drink built around a grapefruit-and-buchu flavour idea.

POSITIONING

An easy, bright break in a busy day.

The concept lives between everyday refreshment and a small personal ritual — not a wellness promise, not a special-occasion drink.

FOR

Curious, design-aware people looking for flavour, personality and a good-looking can they can pick up without overthinking it.

THE PROMISE

Bright flavour, easy energy, a small change of pace. Never a health claim; never a lecture.

A seed mark. A lively wordmark.

ORUVI

The simple seed inside a ring suggests a botanical starting point without illustrating a literal ingredient. The open, rounded geometry keeps the identity friendly and easy to recognise at small sizes.

PALETTE

BOTTLE GREEN
#183C34

WARM CREAM
#F4EFDF

CITRUS
#E65B3A

LEAF
#DCE989

Use Bottle Green for structure, Warm Cream for breathing room, Citrus to create a focal point and Leaf as a sparing burst of energy. Do not use all accents at equal volume.

Playful, not childish.

Archivo / headlines & labels

Instrument Serif / moments of warmth

VOICE

Bright	Light on its feet; never shouty.
Specific	Talk about flavour, texture and the moment.
Unfussy	No wellness promises, jargon or fake urgency.

Open a little brighter.

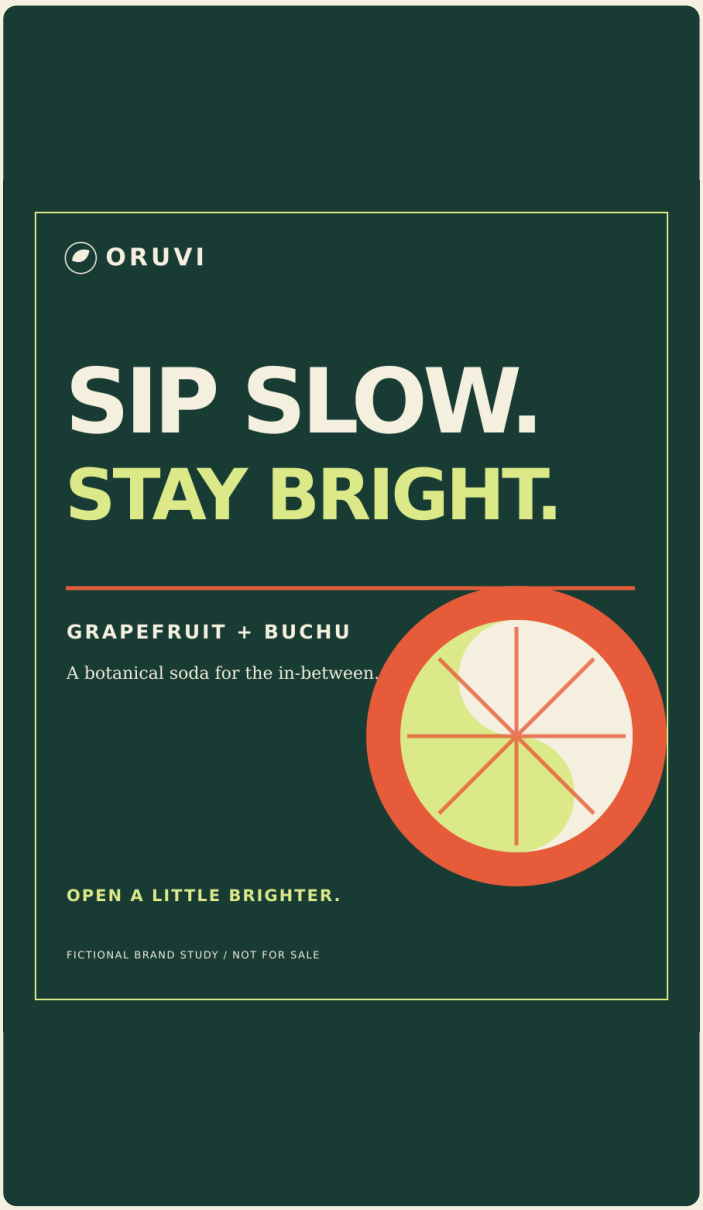

A sample line: “Take the long way.” Short enough for a can, a post, a poster or the first thing you notice from across a shop.

Give the idea room to land.

DIGITAL

One strong thought. One flavour cue. Built for a thumb-first feed.

PRINT

Bold type, generous margins and a simple citrus illustration that reads from a distance.

A distinctive can, easy to read.

Three colourways; one recognisable family.

The brand, in the room.

POINT-OF-SALE

RETAIL ACTIVATION

One idea, carried through.

The identity is designed to move between a social post, a printed poster, a can, a counter display and a small in-store experience without losing its voice.

THE SYSTEM

01 / RECOGNISE	The seed symbol and ORUVI wordmark lead.
02 / READ	Short copy and high contrast make the message quick.
03 / REMEMBER	Citrus geometry and alternating colourways create rhythm.

FICTIONAL PORTFOLIO CONCEPT

ORUVI, its product, packaging, flavour description and campaign are invented for this design study. It is not a real company or product and is not available for purchase. Any future commercial use would need its own name, claims and trademark checks.
